Introducing your language consultant and instructor, Maria Oliveira

Maria Oliveira, a native of Portugal, holds a masters of Arts degree from California State University, Sacramento. She has had 12 years of experience teaching and translating in courts, hospitals and businesses.

She has been an instructor and developer of language programs at various adult schools, community colleges and at the University of California Extension, Santa Cruz.

Maria began developing programs for her classes, when she recognized a need for well organized lessons suitable for the classroom instruction and for independent study.

The materials have proven to be effective for all students including professionals who need second language skills.

Maria was recently awarded the California Adult Education Students Succeed Award which recognizes learners who have reached their life goals through education.

Testimonials for Maria's Spanish Language Classes and Programs

I like the course materials. There are lots of written exercises which helped me to reinforce what I've learned. The Read Along and CDs also help to facilitate my progress.

- Kay Berger, Berkeley, CA

I thought the CDs were very good. The cards that accompany the CDs are very helpful. I carry them with me everywhere I go. The class has a very relaxed atmosphere, which makes it an enjoyable place to learn.

- Jeff Cain, El Sobrante, CA

Excellent for obtaining a "working" familiarity to the language. Materials are good for commute periods (CDs).

- Anna Ortiz, El Sobrante, CA

Taking what could have been complex and making it simple. Separating the lessons or information into manageable "chunks" that within each lesson items related and "used" each other. The lessons were all relevant to what would/will realistically be used while visiting Portugal.

- Tiffany Paynton, Concord, CA

Conversational Portuguese Volume 1 Workbook

Designed for the adult learner, this is a practical and user-friendly approach to the grammar and vocabulary of the Portuguese language. In the classroom, teachers can use the Workbook in an 8 to 12 week format. Individuals who pursue a program of self study can set their own pace. But every user will find a clear, concise course of study that is efficient and fun!

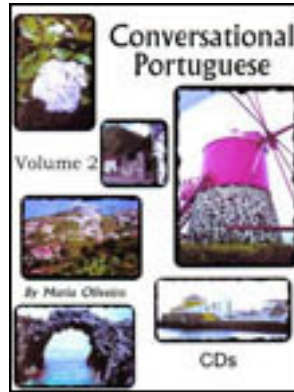

At 140 pages, there are 38 lessons in which students study practical vocabulary that is useful in everyday situations. They learn food items, clothing, greetings, family members and relationships, along with numbers, telling time, days of the week, and months. The components of sentence structure are explored in sections on nouns, adjectives, prepositions, and articles. The Portuguese Verbal System is introduced through the study of regular ar, er, and ir infinitives, as well as the ser and ter verbs and ter idioms.

Throughout the Workbook, clever illustrations aid in identifying vocabulary and concepts. Each lesson includes multiple exercises that reinforce the grammar and vocabulary learned. In addition, the frequent use of quizzes, games, and puzzles engages the student while ensuring that practice and repetition can be effective paths to retention and the acceleration of oral proficiency. Such embedded techniques provide a check-point on learning by identifying subjects that need review. Students who complete the Workbook have the satisfaction that comes from building on the successful completion of each lesson.

Conversational Portuguese Volume 2 Workbook, CDs and Read Along

Conversational Portuguese Volume 2 continues the organized, user-friendly learning techniques introduced in our [Conversational Portuguese Volume 1 Workbook](#). The motivated student will be rewarded with practical lessons that reinforce what has already been learned while gaining new grammar and vocabulary expertise.

In an attractive, illustrated format, the Volume 2 Workbook consists of 148 pages of 37 lessons with ample practice exercises, readings to reinforce comprehension and retention, and a complete answer section. Quizzes, puzzles, and games support the lessons in a fun and engaging way. In the vocabulary lessons, nouns that name objects in space, the world, and the city are introduced. Further vocabulary lessons include nationalities and weather and assorted common words that are useful in daily living. New verbs are learned with the appropriate AR, ER, IR conjugations. The present progressive as well as the preterit tenses are presented, as are impersonal verbs, and negative and interrogative sentences. Students learn the important differences between *ser* and *estar*; other irregular verbs like *fazer*, *dizer*, *ir*, *querer* are studied, including *ter* and its use in idiomatic expressions. Through the readings, exercises, and self-test questions, the student reads and creates sentences, a process that takes the learning experience well beyond rote memorization.

For the student who wishes to study independently, or to augment classroom studies, the Volume 2 Workbook has an accompanying audio program. The two disc set is the perfect way to practice pronunciation; listening to the native speaker and repeating the lessons aloud also reinforces the lessons learned in the Workbook, and it is accessible anywhere, anytime.

The CDs come with a verbatim script called Read Along for those who would like a visual guide to the audio presentation.

Conversational Portuguese Volume 2 is the next level in the acquisition of the Portuguese language; the combined Workbook and audio material assures you success in meeting the challenge.
