# Our Mission...

Our Language Learning Center is a small scale alternative to the traditional college setting, offering high quality language learning in small groups, along with online courses, and self-study books.

Our teaching methods are based on comprehensive, documented and proven adult learning concepts, making it easier for the adult learner to successfully and quickly comprehend the course materials.

Our programs provide a fun and supportive learning environment in which students quickly gain confidence conversing in a new language.

Our mission is to provide materials and teaching techniques that invigorate students and keep them motivated for successful language learning. We aim to incorporate the cultural aspects of a language so that the student moves from mere rote memorization to a more complex understanding of the language and the people who speak that language.

We look forward to you becoming a participant and student at our unique Language Learning Center! You can read testimonials on our website and blogs, listed on this page.

# Continuing Education

## Spanish for Healthcare Professionals

A specialized and intensive language course designed to enhance effective communication between patients and their healthcare providers.

Emphasis is on basic practical language needed to communicate with Spanish speaking patients and their families at the hospital or doctor's office, on the telephone or at the patient's home.

*Maria Oliveira Language Learning Center* has been approved as a Continuing Education Provider by the California Board of Registered Nursing. CEP 15113

## Spanish for Social Services Professionals

For Social Services professionals & employees who interact with Spanish-speaking clients, this class enables communication, saves time in a crisis, and improves efficiency.

Learn the basic questions and understand the answers that are vital in emergencies, screenings, and routine interviews.

Social Workers and Eligibility Workers will learn effective phrases, vocabulary, and questions to use for a more productive outcome.
